

Boston Business Computing

Transferring a License

Attached you will find a BBC License Transfer Request Form. The form needs to be completed before you uninstall the product. Please follow the steps below:

1. Login as root to the machine where the product was originally installed.
2. Type 'bbc info'.
3. bbc info will give the old server code, bbcref, and number of users which needs to be documented on the form.
4. Uninstall the product and go to install the product on the new machine.
5. Note the new server code on the form.
6. Sign the completed form and fax to +44-1536-408518.
7. The request will be processed and a new license key sent within 24 hours.

The standard procedure is that BBC offer one free license transfer per order.
The license must be transferred to the same platform as that originally ordered.

Boston Business Computing License Transfer Request

All products supplied and distributed by Sector7 have a licensing mechanism installed to prevent unauthorised copying and use. It is our normal policy to supply a temporary license valid for 30 days until such time as Sector7 receives both a signed copy of this document and full payment.

To transfer a license from one system to another please fill out this form and mail (or FAX) it to Sector7. Non-maintenance customers can contact BBC for current license transfer pricing.
